A meal must contain 3 of the 5 daily offered components (including a fruit or vegetable) in order to approve a meal by NSLP Requirements. If a meal does not contain 3 different components with one being fruit or vegetable, their items will be priced as Ala Carte and likely cost much more. Encourage your child to always include a fruit or vegetable on their tray! If your child does not want the main entree (highlighted in gray), they can ask for a peanut butter (jelly available) sandwich instead. We also offer chef salads to 2nd grade and up, please be aware chef salads are not always available! If your child brings a lunch and wants a milk, be sure they have 50 cents in their account to purchase. Students qualified for regular, free or reduced priced meals are not allowed to take just the milk without a positive account balance, as this does not meet the 3 component (with one being fruit or vegetable) requirement. We offer 1% Chocolate or White Milk and FF Skim Strawberry Milk. Questions about the program? Contact Marie Hasler at 812-384-2401 or email mhasler@bsd.k12.in.us

Breakfast is served daily! A breakfast meal must contain 3 of the 4 daily items offered to be approved as a NSBP Breakfast. One item must be a Fruit or Fruit Juice, although the meal comes with both.
